

# Thanksgiving Prayer

I thank God for the gift of you in my life! I am saying the following prayer for you this Thanksgiving:

**Dear Lord, please touch my loved one in a special way this Thanksgiving season. Give her a grateful spirit as she counts her blessings and thanks You, the Giver of each one.**

**Remind her how important she is to you. Help her to believe that her life holds sacred value. May she know in the very depths of her soul that You have entrusted her with Your purpose, Your power, and Your peace.**

**Enable her to have an enjoyable and memorable Thanksgiving. In the midst of potential differences of opinion and belief, may she be a shining example of positivity and unity. May she sense Your love and Your presence going before her, guiding her with every step.**

**May others see You in all she says and does.**

**In Your holy name I pray, Amen.**
